Call Sign: KNAG313
Market Area:
FAC#:

Re: CHIPPEWA, COUNTY OF

Your application is in a return status for the reason(s) indicated below. **You must file an Amendment to your application referenced above using FCC Form 601, 602, 603 or 608, as appropriate, to provide the requested information before the FCC will resume processing your application.** Amending your application without making all the necessary changes and/or providing the requested information may result in dismissal of your application pursuant to Section 1.934 for failure to prosecute. **If you do not file an Amendment to your application within 60 days of the date at the top of this letter, your application will be Dismissed.** If a fee is submitted with the amendment, refer to the Fee Filing Guide for the proper mailing address in St. Louis, MO. **Please note: This return notice may be sent to multiple parties to the application such as the applicant, the point of contact, and/or the coordinator. Please coordinate your response to this return notice to ensure that only one amendment to the application is filed.**

Electronic filing is required. For information on how to file electronically, visit the website at <http://wireless.fcc.gov/uls>. For additional assistance, you may visit the website at <http://esupport.fcc.gov>. You may also call the FCC at (877) 480-3201 (TTY 717-338-2824). To provide quality service and ensure security, all telephone calls are recorded.

Your application is being returned because it does not comply with Rule 90.209. As of January 1, 2013, all VHF/UHF Industrial Business and Public Safety Radio Pool licensees in the 150-174 MHz and 421 - 470 MHz bands are required to operate on channels with a maximum bandwidth of 11.25 kilohertz or equivalent efficiency, unless they are operating under the terms of a waiver granted by the licensing bureau. Your license contains wideband emissions, and you have not been granted a waiver, are not operating on paging-only channels, or using equipment which meets the narrowband efficiency standard outlined in Rule 90.209(b)(6). Please review Public Notice DA 16-36 for further information on the FCC's Narrowband Mandate.

Please amend this application to delete the wideband emission(s) by following the instructions that were previously emailed to you.
