Re: AIRWAVE COMMUNICATIONS ENTERPRISES

Your application is in a return status for the reason(s) indicated below. **You must file an Amendment to your application referenced above using FCC Form 601, 602, 603, 605 or 608, as appropriate, to provide the requested information before the FCC will resume processing your application.** Amending your application without making all the necessary changes and/or providing the requested information may result in dismissal of your application pursuant to Section 1.934 for failure to prosecute. **If you do not file an Amendment to your application within 60 days of the date at the top of this letter, your application will be Dismissed.** If a fee is submitted with the amendment, refer to the Fee Filing Guide for the proper mailing address in St. Louis, MO. **Please note: This return notice may be sent to multiple parties to the application such as the applicant, the point of contact, and/or the coordinator. Please coordinate your response to this return notice to ensure that only one amendment to the application is filed. Commercial Radio Operator applicants should return this notice along with the amended FCC Form 605 and any attachments including PPC and photographs in the package when resubmitting.**

Electronic filing is required. For information on how to file electronically, visit the website at <http://wireless.fcc.gov/uls>. For additional assistance, you may visit the website at <http://esupport.fcc.gov>. You may also call the FCC at (877) 480-3201 (TTY 717-338-2824). To provide quality service and ensure security, all telephone calls are recorded.

Your application has defective frequency coordination. It is returned for modification.

The proposed interstitial channel does not appear to protect the adjacent 25 kHz channel vacated stations that have release dates of 8/14/21.

Please review all proposed channels and modify accordingly, or provide your analysis and coordinator VCSE certification showing all the proposed channels provide the requisite protection to vacated stations pursuant to Rule § 90.617(g).

Failure to amend your application to be in compliance with all the Rules may result in its DISMISSAL for being defective, Rule §1.934(d).
