**Waivers/Conditions:**

Grant of the request to update licensee name is conditioned on it not reflecting an assignment or transfer of control (see Rule 1.948); if an assignment or transfer occurred without proper notification or FCC approval, the grant is void and the station is licensed under the prior name.

This authorization is conditioned on the filing of a 900 MHz broadband segment application for the markets encompassing WQBE985 and the cancellation of the portions of any active 900 MHz SMR market licenses in the YD service covering San Francisco County, CA that are authorized to operate on the requested frequencies in channel block C.
