Waivers/Conditions:

Special Temporary Authority is authorized on a secondary non-interference basis.

This Special Temporary Authorization may be terminated at the Bureau's discretion, without a hearing, if conditions warrant. Under no circumstances may the facility(ies) authorized herein become a hazard to air navigation or violate the terms of an international agreement or treaty. If an application for permanent authority is on file with the Commission, this action is taken without prejudice to that application. Post and/or retain a copy of this authorization as required by the Commission's Rules.

The request for waiver of Rule 1.931(a)(3) has been denied. Rule 1.925 requires that waiver requests contain a complete explanation of why a waiver is required and demonstrate that the underlying purpose of the Rule would not be served or that there are unique or unusual circumstances, and no reasonable alternative. We have reviewed your request for waiver and determined that it does not satisfy Rule 1.925. The request fails to explain why the County cannot renew its STA at six month intervals and why such renewal is unduly burdensome. Additionally, the County failed to show how its situation is unique from the numerous other licensees that have operated under STA during rebanding. Further the Commission has recently announced an agreement with Mexico and will licensees should be moving forward with rebanding. The STA is renewed for 180 days.
