Waivers/Conditions:

Grant of the request to update licensee name is conditioned on it not reflecting an assignment or transfer of control (see Rule 1.948); if an assignment or transfer occurred without proper notification or FCC approval, the grant is void and the station is licensed under the prior name.

The application for this radio facility included a request for waiver of the freeze on the filing of applications during the 800 MHz rebanding process as announced the appropriate public notice for the Wave region where the station is located. The freeze period has since expired and therefore the request for waiver of the filing freeze is dismissed as moot.
