**Waivers/Conditions:**

This authorization is granted subject to the condition that no harmful interference is caused to co-channel Canadian stations. No protection is afforded to your transmissions from interference that may be caused by these authorized Canadian operations. Furthermore, this authorization is conditioned on compliance with any current or future sharing arrangements, agreements, or treaties between the United States and Canada.

Grant of the request to update licensee name is conditioned on it not reflecting an assignment or transfer of control (see Rule 1.948); if an assignment or transfer occurred without proper notification or FCC approval, the grant is void and the station is licensed under the prior name.
