Conditions:

Pursuant to §309(h) of the Communications Act of 1934, as amended, 47 U.S.C. §309(h), this license is subject to the following conditions: This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequencies designated in the license beyond the term thereof nor in any other manner than authorized herein. Neither the license nor the right granted thereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934, as amended. See 47 U.S.C. § 310(d). This license is subject in terms to the right of use or control conferred by §706 of the Communications Act of 1934, as amended. See 47 U.S.C. §606.

Waivers/Conditions:

Antennas employed for mobile use over 6.1 meters may be deployed without specific prior approval of the Commission provided that the overall height of such antennas more than 6.10 meters (20 feet) above ground, including their supporting structures (whether natural formation or man-made), do not exceed any of the slope ratios set forth in Section 17.7(b).

Fixed BAS and Low Power Auxiliary Stations in the UHF TV band are licensed on a secondary basis to existing-and future-primary operations and cannot cause harmful interference to primary operations nor claim protection from harmful interference from primary operations.

Pursuant to Section 74.832(H) of the Commission rules, this equipment may be operated outside your official city of license (Seattle, WA) subject to prior frequency coordination with the local frequency coordination committee. If no frequency coordinationcommittee is available, prior frequency use must be coordinated with other frequency users in the area of operation. The Commission reserves the right to suspend your operations immediately, without notice of hearing, upon notification of perceptible interference to other authorized users. Use of this equipment is further conditioned that operation is only during televised games. This authorization is secondary to any current or future grants for land mobile or television operations.
