Re: I FIGGERS SOLUTIONS

Your application for antenna structure registration is in a dismissal status effective 03-28-2020 without prejudice for the reason(s) indicated below.

If you still want to construct or modify an antenna structure, you must file a new application with the Commission. The file number that was assigned to this application is not a Registration Number and is not an authorization to construct or modify an antenna structure.

To file a new application electronically, connect to the Antenna Structure Registration system by pointing your web browser to <http://wireless.fcc.gov/antenna>. **Electronic filing is recommended.** However, if you wish to file your application manually, submit a paper copy of FCC Form 854. **If you file a new application electronically, do not manually submit the same application.** Application forms can be obtained from the FCC's website at <http://www.fcc.gov/formpage.html>, by calling the FCC's Forms Distribution Center 800-418-FORM (800-418-3676), or from FCC's Fax Information System by dialing (202) 418-0177. For additional assistance, you may visit the website at <http://esupport.fcc.gov>. You may also call the FCC at (877) 480-3201 (TTY 717-338-2824). To provide quality service and ensure security, all telephone calls are recorded.

Missing or Invalid FAA Chapter Number(s).

The application was not amended within 60 days of the date shown on the Notice of Application Return letter; therefore, this application is hereby dismissed.
