NOTES:

(1) This chart assumes the consummation of the following pending transactions: assignment of a cellular license from Commnet of Florida LLC (File No. 0004541107), assignment of a PCS license from ComScope Communications, Inc. (File No. 0004341633), assignment of a cellular license from Lamar County Cellular, Inc. (File No. 0004551244), assignment of PCS licenses from LL License Holdings II, LLC, assignment of PCS licenses from NEAT Wireless, LLC (File No. 0004352233), transfer of control of PCS licenses from Sagir, Inc. (File No. 0003439497), assignment of Lower 700 MHz B and C block licenses from Whidbey Telephone Company (File Nos. 0004544869 and 0004544863), assignment of WCS licenses from WaveTel NC License Corporation (File No. 0004448343), assignment of Lower 700 MHz C block licenses from D&E Investments, Inc. (File No. 0004448347), assignment of Lower 700 MHz D and E block licenses from Qualcomm (File No. 0004566825), assignment of Lower 700 MHz C block license from 700 MHz, LLC (File No. 0004621016), assignment of ASW and Lower 700 MHz B block licenses from Windstream (File No. 0004681771), transfer of control of Lower 700 MHz B and C block licenses from Redwood Wireless (File No. 0004643747), assignment of a PCS license from NTCH (File No. 0004602723), assignment of PCS licenses from Texoma (File Nos. 0004608454, 0004608448, and 0004608468).

(2) The data on AWS clearance are based on NTIA's report of January 14, 2011 which is available at <http://www.ntia.doc.gov/osmhome/reports/specrelo/index.html>. AWS is treated as unavailable in a county if transmitter sites or paths for federal operations in the 1710-1755 MHz band identified in that release are located in or cross the county. The data on BRS clearance come from the Commission's Staff.
