Ref: Request for STA – Testing

In compliance with part 90 §1.931(b)(2)(iii) Special Temporary Authority (STA), the County of San Diego hereby asks the Commission for permission to conduct tests on NPSPAC post-reband frequencies to gather the necessary data in preparation for a future application for regular authorization. Testing of these frequencies is critical to public safety operations.

San Diego County is testing a new P25 simulcast land mobile radio system that will provide improved and expanded-coverage for dispatch of Police, Fire and Local Government Emergency services in San Diego and Imperial Counties.

STA applications have been approved through the Region 5 Regional Planning Chair and the Transition Administrator. Both letters are attached to this application.

If you have any questions, please contact Anna Holmes at (858) 694-3210, email: anna.holmes@sdsheriff.org, or Fax (858) 495-5476.

Sincerely,

WILLIAM D. GORE, SHERIFF
